LUNCH WEEK (12H-14H)

The beginning of History: We opened our café in June 2023 (it's very recent :o)! Brunch eater, even a passion, we had to create one that suited us! In search of inspiration, we devoured around thirty brunches all over France, Spain and Portugal to create our concept! Ideas, "no-ways, that's not possible", "mmmmhh... why not" allowed us to imagine the one who resembles us as closely as possible! Mama, we gained weight!

We offer breakfasts, lunches and snacks, made from fresh, seasonal products, favoring local producers. We are attached to homemade products. The menu evolves regularly while retaining the must-haves: pancakes and toast!

For the atmosphere, it's quiet, it's chill and with kindness! There you go, there you go!

We are very attached to the formula where we can choose what we want inside! Both dishes? Either sweet or savory or both! There is no rule. The whole menu fits into the formula!

When it comes to hot drinks, we favor quality, local coffee: Cafés de Carla based in Toulouges. He's so good! Taste, you'll see!

For tea fans, we work with Acapella based in Toulouse. Betrayal, disgrace you might say! We'll arrest you right away! Acapella has embarked on a crazy and committed project: Planting organic tea on the lands of the Pyrénées-Orientales! "Les Printemps d'Acapella" was then born. We are very happy to work with them!

We don't forget you, no, we never forget the chocolate drinkers. We are also addicted to chocolate 😊 To make it strong in chocolate, we favor traditional chocolate like in the old days: pieces of dark, milk or white chocolate bar! It's delicious!

Finally, cold drinks are made from fresh fruit with a juice that changes regularly depending on the season. There are the classics like iced tea, lemonade or even squeezed orange juice.

We are happy to have you here today! Have a good time with your colleagues, your friends, your family or simply with yourself!

We are here to serve you: don't hesitate to let us know if necessary 😊
